Researcher Interests

My research interests lie at the intersection of several key areas within economics, which I have explained below, covering the basics of each main domain:

Labour Economics: Focused on unorganised sector workers, gig workers, and social security of labour.

Finance Economics: Involves financial inclusion and sustainability, financial literacy, financial behaviour, and microfinance and credit.

Health Economics: Evaluation of health indicators and health programs.

Macro Economics: Studies related to macroeconomic variables and their impact on economic growth.

Regional Economics: Impact assessment of regional economic issues.

Area of Expertise - Quantitative Methods in Economics, Mathematical Economics and Macroeconomics
